Canada is consistently ranked as one of the world’s most desirable places to live. The second largest country in the world, we have 35 million people spread across 10 provinces and three territories with a diverse and multicultural population where one in five is a new immigrant. Canada is officially bilingual with English and French as the national languages but in reality there are over 200 languages spoken.

Being a relatively young country, Canada provides numerous possibilities and opportunities. Canada’s education system is recognized internationally for its excellence and quality. It is a welcoming environment providing you with the opportunity to study in some of the world’s leading institutions.
The Province of Alberta is located in Western Canada and is home to the majestic Rocky Mountains, one of the most beautiful and scenic areas in the world. Young people from around the world choose to study in Alberta because of its spectacular natural beauty, healthy environment, cultural diversity, lively communities, and strong economy.

Alberta is a world leader in providing high quality educational opportunities to its students. The province’s education system has developed superior programs in cutting-edge facilities that are recognized for their excellence in teaching and research. Competitive tuition fees and an affordable cost of living makes Alberta a smart destination of choice for students.

Visit our Study in Alberta (www.studyinalberta.ca) website to find information on primary, secondary, and post-secondary studies in Alberta, Canada.

WORK WHILE YOU STUDY
As an international student, you can work on campus or participate in the Off-Campus Work Permit Program. Depending on which institution you choose, you may also have the option of participating in cooperative work programs and internships.

To find more information about the Off-Campus Work Permit Program, please visit Citizenship and Immigration Canada (www.cic.gc.ca/english/study/work.asp) for more details.

WORK AFTER YOU GRADUATE
After graduating from a post-secondary institution in Alberta, you are eligible to work in Alberta on a full-time basis for up to three years. This is an exceptional opportunity for immediately applying your education in the workplace, and to gain valued work experience and employer references. For more information on the Post-Graduation Work Permit Program, please visit (www.cic.gc.ca/english/study/work-postgrad.asp).

STAY AFTER YOU GRADUATE
Alberta welcomes international students wishing to seek permanent residence after graduating, through the Alberta Immigrant Nominee Program (AINP). The AINP is an employer driven immigration program operated by the Alberta government and Citizenship and Immigration Canada (CIC). It was designed to quickly processes applications for permanent residence. As an international student, you may qualify under the “International Graduate” category. Those individuals nominated by the province, together with their spouse and dependent children, are eligible to apply for permanent residency. CIC gives priority to processing permanent resident visa applications for Provincial Nominees. To find out more, visit the Alberta Immigrant Nominee Program (www.albertacanada.com/immigration/immigrate/ainp.html).

If you are a temporary foreign worker or a foreign student who graduated in Canada, you often have the qualities to make a successful transition from temporary to permanent residence. If this describes you, then a second option to immigrate is also available to you through the Canadian Experience Class (www.cic.gc.ca/english/immigrate/cec/index.asp).

Both Edmonton and Calgary are regularly ranked among many top 10 lists of Best Cities in the world to live because of the high quality of life and numerous economic opportunities available in Alberta.
There is so much to do here!
Post-secondary Institutions in Alberta

Alberta’s strong post-secondary system includes a variety of universities, colleges, and technical institutes. Together they make up Campus Alberta which is a coordinated system dedicated to providing students with a diverse range of programs and experiences all across the province.

POST-SECONDARY EDUCATION PROGRAMS

Certificate, diploma, applied degree, degree—What’s the difference?

<table>

</table>

Entrance Requirements

• Requires a completed bachelor’s degree for admission. Applicants who have a three-year undergraduate (bachelor’s) degree are generally required to complete an additional qualifying year.
• May require completion of a thesis or a course-based (non-thesis) program.

Doctoral Degree

• Requires two or three years of full-time university study and research beyond the master’s degree level (there are time limits for completing degree requirements).
• Involves planning and carrying out high quality research to advance knowledge in the student’s major field of study.
• Includes the preparation and defense of a dissertation on an approved topic.

ENGLISH AS A SECOND LANGUAGE (ESL)

Most Alberta post-secondary institutions offer programs that will help improve your English language skills and proficiency.

http://studyinalberta.ca/post-secondary/esl/

There are generally two types of ESL programs:

Academic ESL programs:

These programs are tailored to help meet the English Language Proficiency requirements of the academic program you intend to take. They are often referred to as “English for Academic Purposes” or EAP programs.

ESL only programs:

These programs are generally tailored to students who are interested in intensive English language studies. They usually are not required for entry into institutions’ academic programs.
Post-secondary Institutions in Alberta

In this section, you will find the following for each post-secondary institution:
- contact information
- application dates
- general information

The content of this section is based on information provided by the educational institutions in the spring of 2014. Please check with the institution to confirm program information before making your educational plans.

Note: the following pages include only institutions in Alberta that are publicly funded or that offer approved degree programs.

Information in this viewbook was current at the time of printing. Students should consult the institution’s website for current information.

Ambrose University College is a Christian liberal arts university college delivering quality education that prepares men and women for lives of leadership and service.

Ambrose offers three- and four-year Bachelor of Arts degrees with concentrations and majors in Behavioural Science, Business Administration, Christian Studies, English Literature, General Studies, History, and Music. University transfer courses are also offered. See the Online Alberta Transfer Guide (transferalberta.ca) for a list of transferable courses. Graduates pursue careers in education, nursing, and social services, or go on to graduate studies. There are many community opportunities beyond the classroom to develop spiritually, intellectually, physically, and socially through the college’s spiritual formation, residence, and athletics. Athletic and Campus Recreation programs are housed in brand new gym facilities.

A comfortable apartment-style residence is available near the campus, including a program that provides an excellent transition from home to independent living. The library houses a comprehensive collection of more than 100,000 volumes and 300 periodical subscriptions, making it one of the largest private university college libraries in Western Canada.

Excellently trained professors, small classes, and a strong sense of community create a dynamic learning environment.

N/A – Athabasca University follows a distance delivery model.

From its beginning, Athabasca University (AU) has consistently pioneered new approaches to post-secondary learning: through its open philosophy, through its outreach, through its revolutionary methods of course and program design and delivery, and through its acceptance and adoption of technology-based alternatives to traditional instructional channels and contexts.

Athabasca University, Canada’s Open University®, is dedicated to the removal of barriers that restrict access to and success in university-level study and to increasing equality of educational opportunity for adult learners worldwide. AU is committed to excellence in teaching, research, and scholarship and to being of service to the general public.

Alberta is out of this world:

Bow Valley College is a public community college located in the heart of downtown Calgary, a young, vibrant metropolitan center. It offers undergraduate certificates and diplomas with practicum work terms providing graduates with competitive skill sets for the workforce. Its programs also offer the option for further post-secondary study through our agreements with other post-secondary institutions. It specializes in the areas of Business, Health Care, and Human Services. For the past 40 years, Bow Valley College has offered ESL programs to prepare students to meet and exceed their English proficiency goals whether for work, academic, or social purposes. Its programs can accommodate full-time study, part-time skill specific development, and English for Academic Purposes. Whatever your educational goals, Bow Valley College is the optimum choice to continue on your education pathway.

Canadian University College is a Christian university offering over 35 major or track choices in Campus Alberta Quality Council (CAQC) approved bachelor degree programs in Arts, Music, Science and Education.

CUC is sponsored by the Seventh-day Adventist (SDA) Church and holds CAQC approval for its degree programs. With over 500 students coming from all over North America and various international locales, the warm family-like atmosphere on campus has a distinct cultural flavor. CUC believes in the complete university college experience. It provides an environment where academic, physical, and spiritual growth is encouraged.

Visit their website and learn more about Canadian University College.

Alberta is the sunniest province in Canada.

Keyano College

According to his comic bio book, James Howlett (aka Wolverine) portrayed on the screen by Hugh Jackman in the popular "X-men" films, was born into a rich Alberta family in the 19th century.

Keyano College offers one- and two-year university transfer programs in disciplines ranging from General Science to Fine Arts. Collaborative degrees in Nursing, Social Work, and Elementary Education are also offered. Certificate and diploma programs are available in Business Administration, Computer Information Systems, Office Administration, Early Learning and Childcare, Environmental Technology, Aboriginal Child and Family Services, and Visual and Performing Arts. Adult upgrading, trades preparation, and apprenticeship programs are also offered. Co-operative education (earn while you learn) is available in a number of programs.

Keyano College has a main campus and a heavy industrial training centre in Fort McMurray, a satellite campus in Fort Chipewyan, and five community learning centres. Keyano’s proximity to the globally recognized oil sands resource, combined with its state-of-the-art Syncrude Sport & Wellness Centre, and 600-seat theatre and arts centre, makes it an excellent choice for international students looking for a uniquely northern learning experience in Canada.

Did you know?
Did you know that Keyano College offers the only Musical Instrument Repair Co-op diploma program in North America? Students come to Keyano College to take advantage of this one of a kind training.

The King’s University College provides students with a university education in the arts, sciences, and selected professional areas from a Biblical perspective. King’s attracts students of all ages from a variety of religious backgrounds. The university college strives to be an academic community that integrates the Christian faith with teaching, learning, research, and college life in an environment characterized by academic excellence and a personal approach to students. King's offers the following degree programs: Bachelor of Arts, Bachelor of Science, Bachelor of Commerce, Bachelor of Music, and a Bachelor of Education (After Degree) in Elementary or Secondary Education.

Students can choose from the following disciplines: Biology, Chemistry, Commerce, Computing Science, English, Environmental Studies, and History. Opportunities to participate in the college community include choir, athletic teams, outdoors club, drama club, environmental club, International Students Association, Mature Students Association, college newspaper, student government, and more. Attendance at weekly chapel services is encouraged. Personal, career, and pastoral counseling are available. King’s campus features a performance hall, full-size gymnasium, dining hall, greenhouse, and a 1,200 square metre library that houses up to 100,000 volumes. Five visit days called King’s View Fridays, two Open Houses, and two visit weekends, are held every year.

LLOYDMINSTER CAMPUS
Lakeland College
2602–59 Avenue
Bag 6600
Lloydminster, Alberta
Canada T9J 3N7
Phone number: 1 (780) 871-5700

APPLICATION DATES
Applications are on a first applied, first qualified, first accepted basis. Some exceptions apply—please see website.

The Vermilion campus offers programs in agricultural sciences, environmental sciences, fire and emergency services, human services, interior design technology, and trades apprenticeship technical training. Programs in academic upgrading, business, event coordinator, health and wellness, heavy oil operations technician, and university studies are available at the Lloydminster campus. Both campuses offer lots of clubs and recreation, athletic and social activities, as well as student housing for singles and families.

When Lakeland College opened in 1913, there were only 34 students enrolled. Today, although the college has campuses in Lloydminster and Vermilion and serves more than 8,000 full-time and part-time students, Lakeland is as tight-knit as ever. Lakeland College's comfortable setting allows students to focus on learning. The college's award-winning programs are designed to ease students' transition into the work force and/or for further study at a four-year institution. Students get a university-calibre education without the red tape, big crowds, and distractions. The study options are as diverse as the college. More than 60 degree, diploma, certificate, apprenticeship, university transfer, and online programs are available at Lakeland College.

Lethbridge College (LC) is Canada’s first public college opened in 1957. Today, it helps more than 7,000 students achieve their academic and professional development goals each year. LC offers 50 diverse career program areas supplying the needs of industry, agriculture, business, and health with one-year certificates, two year diplomas, apprenticeship, and applied degrees. It also offers direct transfer opportunities to many of Canada’s universities to complete studies at the degree level. Students at LC enjoy small classes with an average of 25 students. Our instructors have experience in the fields they teach, and are known for their friendly, helpful teaching styles. Our award-winning English Language Centre offers ESL programs that will help international students to be successful in any of our career programs. Students can stay in on-campus residences, off-campus home-stays, or rental apartments while they study at LC.

Lethbridge is a vibrant community of 85,000, set against the foothills of the Rocky Mountains. The city provides many amenities found in larger centers, including upscale shopping and an active lifestyle. Yet, it remains a safe, secure place to live, lauded for its recreational activities, running and hiking trails, parks, and nature reserves, all within minutes of our campus.

Housing Applications for International Students
Homestay is $550.00 per month and flexible for move in dates. Student Residence places students on a first come first serve basis based on student requirements. Money due upon arrival for both options.

Medicine Hat College has been serving students in southeastern Alberta and beyond since 1965. Situated in Canada’s sunniest city, MHC’s main campus services almost 2,500 students each year with another 200 attending Brooks Campus, located 100 km west of Medicine Hat. With some of the lowest student-to-instructor ratios in the province, Medicine Hat College offers a very personal, one-on-one student experience. Currently, more than 30 diplomas and certificates are offered along with 25 university transfer programs. There are also several opportunities for degree completion at MHC including nursing, applied arts, and social work. A partnership with the University of Calgary makes it possible for nursing students to complete a full bachelor’s degree at Medicine Hat College. Medicine Hat College is proud to offer other unique diploma programs such as Addictions Counselling, CADD Technical Illustration, and Paramedics. New applied degrees are also offered in Ecotourism and Outdoor Leadership and Visual Communications.

NorQuest College is the Edmonton region’s community college, serving 8,000 students annually throughout the province in full-time, part-time, distance learning and regional programs. As a regional steward, it provides access to adult education in Edmonton and the surrounding region for 23 communities.

NorQuest College helps learners with diverse educational backgrounds complete or further their studies through foundational and continuing education programs. Its post-secondary diploma and certificate programs offer career paths in health, community studies and business. It also provides educational opportunities at the times, places and delivery formats that best meet learners’ needs.

It embraces diversity and honours inclusiveness.
• 55% of our students are born outside of Canada, representing 87 countries
• More than 85 languages are spoken on campus

By collaborating with business, industry, government and communities, it ensures its post-secondary education is necessary and workforce relevant. With 95% of NorQuest College graduates employed or enrolled in further education, it contributes significantly to Alberta’s growing economy.

Housing Applications for International Students:

Ongoing

Northern Lakes College is a publicly funded, board governed community college. This year (2010) is our 40th year in operation. We are located in over 30 north central Alberta communities. The region we serve is larger in area than PEI, New Brunswick, and Nova Scotia combined.

The values that gave roots to the College in the early years are still with us today. Community Education Committees help to set the priorities for programming and operations of the college.

Meaningful partnerships with the local First Nations and Métis Settlements, business and industry, eCampusAlberta, Alberta-North, and other educational institutions are important to the success of our students. We believe strongly that accessible and effective educational services and support contribute to student success.

Technology used for course delivery provides our students with skills that go beyond the mastery of course content by providing experience with modern on-line communications tools. A focus on flexible programming and customized training provides opportunities for the college to deliver programs on request.

The variety of programs range from Adult Basic Education and High School through to University Studies. The college offers a wide array of programs to meet the ever increasing demands of the local economy. The WorkForce Development office offers a full menu of courses to develop and enhance skills for the workplace, including an increasing list of extension certificates.

Alberta is the only province in Canada without a provincial sales tax.
Olds College

ENROLMENT SERVICES
International Office
4500-50 Street
Olds, Alberta
Canada T4H 1R6
Phone number: 1 (403) 556-8365
Email: pbidot@oldscollege.ca
Website: http://www.oldscollege.ca/

APPLICATION DATES
First Day Applications Accepted
Olds College starts accepting applications November 1 of each year and would advise students to apply early.

Housing Applications for International Students
Students can apply after their acceptance. They can also go on the website to access off campus housing.

Olds College (est. 1913) is primarily a land, environment, agriculture, and business institution offering certificate, diploma, Bachelor of Applied Science, and post graduate opportunities. Olds College also has a research centre where a variety of applied research projects occur. International students who have completed a degree and would like to learn about Canadian agriculture, land, and environment are invited to apply to the post graduate program where a customized program will be designed for them. This program can involve English, specific courses, research, and employment if that is of interest to the student.

Customized programming for faculty and teachers in the area of instructional design, teaching English as an alternative language, and teacher preparation are also offered to groups.

Olds is located approximately 45 minutes north of Calgary in a safe, friendly community.

Portage College

Fax number: 1 (780) 623-5519
Email: info@portagecollege.ca
Website: www.portagecollege.ca

Portage College has more than 50 certificate and diploma programs to choose from in Business, Health and Wellness, Human Services, Learning and Employment Foundations, Native Cultural Arts, Trades and Technical, and University Studies. The college has formal course transfer arrangements with many other colleges and universities. Information for specific programs can be found in the program descriptions on the college’s website.

Portage College Corporate Centre, established in 1968, is situated in the beautiful Lac La Biche County. The college has regional campuses in Cold Lake and St. Paul and community campuses in Bonnyville, Frog Lake, Saddle Lake, Vegreville, and Wainwright.

The college provides an excellent learning environment. Small class sizes allow for more individual time with instructors and the Learning Assistance Centre offers a wide range of supports to help students achieve academic success. The college offers more than $210,000 in scholarships and awards to students, including entrance and athletic awards. Portage College students also enjoy competing in the Alberta Colleges Athletic Conference in men’s ice hockey, golf, curling, and cross-country running.

The Lac La Biche campus includes a student residence, family housing, a child care centre, and a student activity centre (The Hub), which offers a variety of food services.

Please consult the Red Deer College’s website for current admission, scholarship, and housing information.

When you choose Red Deer College (RDC) you can be confident that you will receive a practical education that prepares you for the future. At RDC you can complete a four year degree in Red Deer or choose from its certificate, diploma or skilled trades programs. Whatever you choose it has the right program for you.

RDC has two campuses. The main campus is beautifully situated on 290 acres of Alberta’s rolling foothills.

With a nationally renowned Arts Centre and Library, Centre for Innovation in Manufacturing, and a fitness centre, RDC has all of the amenities and services you need. Its classrooms are designed to integrate the latest technologies and are accessible to all learners. The downtown campus, home of the Donald School of Business, is strategically located in City centre, which allows students to network and develop mentoring relationships with business professionals.

During the last 50 years RDC has become known for its graduates who are incredible employees, committed lifelong learners, innovative thinkers and successful entrepreneurs. RDC strives to deliver to its learners a practical education through expert instructors in exceptional spaces that prepares them for a successful life and career.

RDC is ideal for travelers! It’s centrally located, close to the mountains and both Edmonton and Calgary.

St. Mary’s University College is a student-centred institution focusing on teaching and research in the liberal arts, sciences, and teacher education. As Western Canada’s only independent Catholic university college, St. Mary’s is open to people of all faiths and backgrounds. Through the synthesis of faith and reason, the university college invites and challenges all individuals of the community to become passionate, thoughtful, and resourceful members of society. St. Mary’s offers the following programs of study:

- Bachelor of Arts in English.
- Bachelor of Arts in History.
- Bachelor of Arts in Psychology.
- Bachelor of Arts in General Studies.
- Bachelor of Education (Elementary).
- Graduate Certificate or Diploma in Religious Education.

St. Mary’s courses are transferable to undergraduate and professional programs at other universities in Alberta and beyond.

A sense of community is a defining characteristic of St. Mary’s. Students have the opportunity to participate in campus ministry, athletics, campus recreation programs, and social justice initiatives.

St. Mary’s University College is located adjacent to Fish Creek Provincial Park in South Calgary. It is easily accessible by public transit. Campus tours can be arranged any time of the year through the Enrollment Services Office.

International Scholarship Applications Deadline
Please consult the University of Alberta’s website for current admission, scholarship, and housing information.

The University of Alberta (1908) is one of Canada’s leading universities, known for world-class research and innovative discoveries. UAlberta offers top quality undergraduate and graduate programs, including several that are unique in Canada, such as undergraduate paleontology and land reclamation. Our distinguished alumni span the range of disciplines, from a Nobel Prize winner for Physics to an Art Director on the Oscar-winning team that created Avatar. There are 39,000 students attending UAlberta, including more than 6,000 international students from 150 countries. Bachelor’s, Master’s, Doctoral (PhD) programs are offered in 18 faculties, with 200 undergraduate specializations and 170 graduate programs.

Located in Edmonton, Alberta, UAlberta offers the best of city lifestyle as well as a beautiful outdoor environment, with parks and the river valley surrounding North Campus. Edmonton is a major hub for Alberta’s thriving industries and offers excellent job opportunities for students and graduates. UAlberta’s main (North) campus is located centrally, with a subway station granting easy access to attractions throughout the city.

UAlberta ranks in the top five among Canadian universities in annual sponsored research funding, and is home to major, world-class facilities, including Canada’s National Institute for Nanotechnology (NINT), Western Canada’s largest teaching hospital; The Edmonton Clinic; the Centennial Centre for Interdisciplinary Science; Canada’s leading theatre training facility, the Timms Centre; and more.
The University of Calgary is a community of exceptional students who come from all over the world to learn and grow. Established in 1966, it is a research-intensive university among the world’s next generation of elite institutions. In 2013, the QS World University Rankings identified the University of Calgary as the #1 university in Canada under the age of 50 and one of the top 20 young universities internationally. It is recognized worldwide for its research breakthroughs in the areas of energy and the environment, medical sciences, neuroscience, kinesiology, geomatics engineering and computer science—just to name a few. An education at the University of Calgary means studying in an outstanding academic environment with highly acclaimed professors and researchers. Learn from experts, peers and hands-on experience as you explore your potential and prepare for your future.

Minutes from Calgary’s downtown core, our 213 hectare park-like campus is a place where you can stretch your mind and discover your own pathway to success. With nearly 31,000 students, the University of Calgary is committed to your success, high quality research and scholarship and giving back to the community. Come discover what sets it apart.

Application Dates
Last Day Applications Accepted
May 15 for September intake
September 15 for January intake
International Scholarship Applications Deadline
March 15 for High School Applicants
June 1 for Transfer Applicants
Housing Applications for International Students
For Fall (September) semester start, applications must be received by June 15.
For Spring (January) semester start, based on availability.

Alberta’s Destination University, the University of Lethbridge is one of Canada’s most influential research universities, and is committed to providing undergraduate and graduate students with an unparalleled university experience. Each year, approximately 8,300 students attend the U of L’s campuses in Lethbridge, Calgary and Edmonton.

The U of L is a place where you can discover who you are and what you’re passionate about. Throughout your degree, you will take a variety of classes, giving you the breadth and depth of knowledge that will help you succeed throughout your chosen profession. The U of L offers small class sizes – on average 32 students – so professors will know you by name and give you the personal support you need. You will learn in world-class facilities from professors who are leaders in their fields, and can choose from over 150 different degree programs in six faculties and schools: Arts & Science, Education, Fine Arts, Health Sciences, Management, and Graduate Studies. Students are also encouraged to take advantage of unique opportunities outside of the classroom including cooperative education, research opportunities, and independent studies. At the U of L, you will create a unique university experience that will prepare you for an incredible future.
Alberta boasts several world-class ski resorts such as Sunshine Village, Lake Louise, Marmot Basin, Norquay and Nakiska.
Apply to a
Campus Alberta Institution

Step 1
Research and plan before you apply

There are many things to consider before applying to an Alberta institution. The following are some questions to ask yourself and issues to consider when planning your post-secondary education.

- What are your academic and career goals?
- What fields of study are you interested in?
- What is your preferred location?

Please note that the admission application process can take considerable time, and that you should start at least one year in advance to compile the necessary information and documentation.

When selecting a program, there are many factors to consider, including:
- Costs.
- Program length.
- Program flexibility.
- Methods of instruction.
- Equipment.
- Workload.
- Entrance requirements.
- English language requirements.

Please refer to the programs chart on pages 32-33 or EDinfo (http://alis.alberta.ca/edinfo) for more information on educational and training programs available in Alberta.

Step 2
Choose a program

Option 1:
After deciding which institution(s) you want to apply to, you should contact the institution(s) directly and ask for detailed application information and forms (see institution profiles for contact details).

Option 2:
Use Alberta's new web-based application system—ApplyAlberta (www.applyalberta.ca).

- ApplyAlberta is a secure online application system that allows students to apply to one or more of Alberta's public colleges, universities, and technical institutes through a common starting point and to authorize the transfer of their Alberta high school or post-secondary transcripts.

Step 3
Submit an application

Most international students need a study permit to study in Canada. You should apply for your study permit as soon as you receive your letter of acceptance from the Alberta post-secondary institution.

- Short-term programs of six months or less do not require a study permit.
- A study permit allows full-time, international students, to work part-time on campus, and if a student decides to continue studying in Canada, they can renew their permit from within Canada.

For information on visa requirements please see Determine Student Visa Requirements at www.cic.gc.ca/english/study/study.asp

For complete information on immigration and application requirements, consult the Government of Canada website at www.cic.gc.ca.

N.B. Response times can vary, depending on the time of year and the number of applications being processed. For these reasons, it is important to apply for your permit well in advance of when you would like to begin your studies in Alberta. Please be patient.

Step 4
Apply for your study permit

If you haven’t arranged for a place to live, your institution may be able to help you find suitable rental accommodation. You should also check campus notice boards and local newspapers for other students looking to share homes or apartments. Depending on your institution choice and accommodation preference, there are several residence community options available.

Step 5
Explore accommodation options

Send your official and complete documents by the deadline

Please guarantee that all documentation is submitted on time so that your application can be processed effectively and efficiently. The types of documents you will be submitting will include:

- Evidence of English language proficiency (eg. TOEFL, IELTS, etc.).
- Complete academic record and official transcripts (including high school).
- Detailed course descriptions for each post-secondary course completed outside of Canada.
- Certified English translation of all documentation not issued originally in English or French.
- Other institutional requirements (please contact the institution to which you are applying for information regarding additional requirements).
